

2018-2019 FACE Adult Education Whole Group Lesson Plan

Create a daily whole group lesson to benefit all adult education students regardless of their individualized academic or project-based goals. Use the College and Career Readiness Standards, CASAS Competencies, or skill improvement area as the foundation for each lesson. Plan for what you hope students will learn, how you will facilitate their learning, and how you will assess what students have learned. Schedule one hour of adult education whole group instruction each day.

Week of: _____

	Day 1	Day 2	Day 3	Day 4
