

2018-2019 EOWPVT Submission Dates

First assessment administered is due to NCFL by October 12, 2018
Second assessment administered is due to NCFL by January 18, 2019
Third assessment administered is due to NCFL by April 12, 2019

Before you administer the EOWPVT assessment, please review the Online Training Module on the Center Based FACE website (<http://face.familieslearning.org>) Online Learning tab with the preschool modules. Be sure to complete the survey so you can receive your professional development certificate.

If you have additional questions, contact your NCFL Technical assistant or send an email to face@familieslearning.org.

Before mailing the original EOWPVT form to NCFL, make a copy for the child's file and review the test:

- Are the following filled in completely?
 - Child's name
 - Examiner's name
 - School name
- Are both the date of testing and child's birth date filled in and complete on the correct line?
- Do not calculate the chronological age of the child (NCFL does that).
- Record the raw score on the front page. You do not need to convert to the standard score.
- Is the NCFL label filled out completely including the NASIS number?
- Record in the comment section any additional information or challenges you had in administering the test to a child.

All tests are reviewed by NCFL for accuracy in scoring and entered into a spreadsheet and then sent to the evaluator for analysis at the end of the school year.

Send the completed original EOWPVT forms to NCFL at the following address:
